

Defense Cables

Space, MID-IR, High Power, PDV Probes

Overview

Impact ES—Ventura supports many major defense contractors and government research labs. Our expertise is sought after due to our ability to terminate unique optical fibers and their ability to survive in demanding environments. As an ITAR registered company, we control the import and export of defense related articles and information.

Capabilities:

Temperature Range:	-200°C to 200°C
Max Continuous Power:	150 Watts
Max Pulse Power:	2,000 Watts
Length Matching:	+/- 2mm
Fiber Pulling:	100 Meters
Vacuum:	1X10 ⁻⁶ Torr
Vibration:	46.3G
Shock:	1,000G

Unique Products:

- End-Capped PM, PCF, and LMA Fibers
- Multichannel Vacuum Feedthroughs
- Multichannel Breakout cables
- Steel Jacketed Cables
- Mid IR Assemblies
- High Power Cables
- Space Cables
- PDV Probes

Industries We Serve

At Impact Electronic Solutions, we offer cutting-edge prototype and full-turnkey production services, providing unparalleled innovation and seamless solutions to meet your needs.

Our expertise spans highly regulated and mission-critical environments. We deliver complex electronic, fiber optic, and electromechanical products with exceptional quality and reliability. From product development to full-scale manufacturing, we prioritize customer-centric solutions and support groundbreaking innovations.

With extensive experience, we ensure success across diverse industries by consistently meeting rigorous standards and exceeding expectations.

About Us

We are a dynamic team dedicated to delivering innovative electronic design and manufacturing services that consistently outperform industry standards.

Our headquarters are in the Pacific Northwest, and the Impact ES network spans five key locations across the U.S.:

- Clearwater, Florida
- Cranston, Rhode Island
- Grants Pass, Oregon
- Vancouver, Washington
- Ventura, California

Our facilities have been recognized for excellence by numerous corporations, organizations, and publications, showcasing our commitment to quality, precision, and customer satisfaction nationwide.
